**Part IV, Question 2, line b Custodial arrangement**

Energy Foundation offers a 457 (b) plan for qualified employees as a secondary form of retirement savings beyond the Foundation 403(b)

plan.

**Part X, Line 2**

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the Internal Revenue Code ("IRC") and California franchise

and/or income taxes under Section 23701(d) of the Revenue and Taxation Code. On April 28, 2011 the IRS determined that the Energy

Foundation has terminated its private foundation status and has become a tax-exempt public charity.

The Foundation follows the guidance on accounting for uncertainty in income taxes issued by Financial Accounting Standards Board

("FASB") ASC Topic 740. As of December 31, 2014, management evaluated the Foundation's tax positions and concluded that the Foundation

had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustment to the financial statements. With few

exceptions, the Foundation is no longer subject to income tax examinations by federal or state authorities for the years before 2011 and

2010, respectively.

Though the IRS has recognized the Energy Foundation as a Public Charity, the Foundation continues to monitor all non-public charity grants via the private foundation mechanism of Expenditure Responsibility as a best practice. For every non-public charity grantee, and over the duration of the grant, the project is monitored via an interim report and final report of activity and expenditures which are required, EF program staff reviewed, and approved as reasonable proposed budget expenditures must also approve expenditures as reasonable before payments are released by grants and finance staff. In the case of final payments, a grantee must show the grant award expended in total, program staff must approve as reasonable, and the final payment is released as reimbursement. The final payments are usually 8 % to 10 % of the total award. This assures final accounting of all grant dollars. The number of payments are determined by responsiveness and prior history between the Foundation and the grantee.

**Part IV Supplemental Information.** Provide the information required in Part I, line 2, Part III, column (b), and any other additional information.

Through the IRS has recognized the Energy Foundation as a Public Charity, the Foundation continues to monitor all non-public charity grants via the private foundation mechanism of Expenditure Responsibility as a best practice. For every non-public charity grantee, and over the duration of the grant, the project is monitored via an interim report and final report of activity and expenditures which are required. EF program staff reviewed, and must be approved before releasing accompanying payments. Program staff, who have reviewed and approved as reasonable proposed budget expenditures must also approve reported expenditures as reasonable before payments are released by grants and finance staff. In the case of final payments, a grantee must show the grant award expended in total, program staff must approve as reasonable, and the final payment is released as reimbursement. The final payments are usually 8 % to 10 % of the total award. This assures final accounting of all grant dollars. The number of payments are determined by responsiveness and prior history between the Foundation and the grantee.

**Part III Question 4 d**

Other program expenses are mainly direct charitable activities that the Foundation refers to as "foundation-initiated projects". The Foundation may pursue foundation-initiated projects when it is more efficacious than grant making. In these situations, the Foundation may convene meetings, conduct research, contract with consultants or take other direct efforts in achieving its mission. Also included are a part of salaries and other expenses for the Foundation's program personnel.

**Part VI Section B. Question 11 b**

The draft of Form 990 is reviewed by the Foundation's outside counsel. Furthermore, a draft version of Form 990 is provided to Audit Committee and Board of Directors prior to filing.

**Part VI Section B. Question 12 c**

The Energy Foundation staff aids the Board's adherence to the conflict of interest policy by ensuring "that the policy is annually distributed to all Directors, officers, and members of committees with Board-delegated powers"; and that "each such person signs an annual statement that the person:

- a. Received a copy of the Policy
- b. Has read and understood the Policy
- c. Agrees to comply with the Policy; and
- d. Understands that the Policy applies to all committees and subcommittees having Board-delegated powers."

(see attached copy of the EF conflict of interest policy and questionnaire)

In the event that the information provided by the Board member changes over the course of the following year, EF programs and grants administration staff thoroughly review prospective grantees board of directors list for further potential conflicts of interest with the Energy Foundation board members. If one is found, grants administration staff confirms with the board member directly and updates the conflict of interest disclosure form.

**Part VI Section B. Question 15**

Please see attached the Energy Foundation's Compensation Philosophy & Pay Practices.

**Part VI Section C. Question 19**

The original governing documents are filed and available at the State of California. The conflict of interest is attached to the Foundation's tax return and available on GuideStar. ## General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

**Future developments.** For the latest formation about developments related to Schedule O (Form 990 or 990-EZ), such as legislation enacted after the schedule and its instructions were published, go to [www.irs.gov/form990](http://www.irs.gov/form990).

## Purpose of Schedule

An organization should use Schedule O (Form 990 or 990-EZ), rather than separate attachments, to provide the IRS with narrative information required for responses to specific questions on Form 990 or 990-EZ, and to explain the organization's operations or responses to various questions. It allows organizations to supplement information reported on Form 990 or 990-EZ.

Do not use Schedule O to supplement responses to questions in other schedules of the Form 990 or 990-EZ. Each of the other schedules includes a separate part for supplemental information.

## Who Must File

All organizations that file Form 990 and certain organizations that file Form 990-EZ must file Schedule O (Form 990 or 990-EZ). At a minimum, the schedule must be used to answer Form 990, Part VI, lines 11b and 19. If an organization is not required to file Form 990 or 990-EZ but chooses to do so, it must file a complete return and provide all of the information requested, including the required schedules.

## Specific Instructions

Use as many continuation sheets of Schedule O (Form 990 or 990-EZ) as needed.

Complete the required information on the appropriate line of Form 990 or 990-EZ prior to using Schedule O (Form 990 or 990-EZ).

Identify clearly the specific part and line(s) of Form 990 or 990-EZ to which each response relates. Follow the part and line sequence of Form 990 or 990-EZ.

**Late return.** If the return is not filed by the due date (including any extension granted), attach a separate statement giving the reasons for not filing on time. **Do not use this schedule to provide the late-filing statement.**

**Amended return.** If the organization checked the *Amended return* box on Form 990, *Heading*, item B, or Form 990-EZ, *Heading*, item B, use Schedule O (Form 990 or 990-EZ) to list each part or schedule and line item of the Form 990 or 990-EZ that was amended.

**Group return.** If the organization answered "Yes" to Form 990, line H(a), but "No" to line H(b), use a separate

attachment to list the name, address, and EIN of each affiliated organization included in the group return. **Do not use this schedule.** See the Instructions for Form 990, *I. Group Return*.

**Form 990, Parts III, V, VI, VII, IX, XI, and XII.** Use Schedule O (Form 990 or 990-EZ) to provide any narrative information required for the following questions in the Form 990.

**The Energy Foundation**  
**CONFLICT-OF-INTEREST POLICY**  
Adopted November 6, 2003

Members of the Board of Directors and employees of the Energy Foundation shall conduct their business, investment, and personal affairs in such manner as to avoid any possible conflict with their duties and responsibilities to the Energy Foundation. This Conflict-of-Interest Policy ("Policy") shall apply to any transaction or arrangement with an "interested person" and any compensation arrangement with a "disqualified person." A person may be both an "interested person" for purposes of California law and a "disqualified person" for purposes of federal law.

Before approving an action pursuant to this Policy, the Board shall first determine whether the contemplated transaction or arrangement is a prohibited act of "self dealing" under Section 4941 of the Internal Revenue Code. If the transaction or arrangement would constitute self dealing, the Board shall not approve such action. If the arrangement or transaction concerns the approval of a compensation arrangement for a "disqualified person" for personal services, the Board shall follow the guidelines set forth in Section A of this Policy.

In unusual situations, typically involving indirect transactions between an insider and the Energy Foundation, the transaction will not involve the navigation of the self dealing rules of Section 4941, but will still require the approvals outlined by California law. If the arrangement or transaction does not concern the approval of a compensation arrangement and the Energy Foundation has confirmed with counsel that the transaction or arrangement does not constitute self dealing for federal income tax purposes, the Board shall follow the guidelines set forth in Section B of this Policy in order to satisfy California law.

The Board shall ensure that this Policy is distributed to all Directors, officers and members of committees with Board-delegated powers. Each such person shall sign an annual statement, in the form attached hereto, that the person:

- a. Received a copy of the Policy;
- b. Has read and understands the Policy;
- c. Agrees to comply with the Policy; and
- d. Understands that the Policy applies to all committees and subcommittees having Board-delegated powers.

#### A. Approval of Compensation Arrangement for "Disqualified Person."

*This procedure applies to compensation arrangements, which are permitted if they comply with the exception to federal prohibitions on self dealing. Compliance with these procedures will also satisfy California law.*

A "disqualified person" for purposes of these rules is a director, officer or substantial contributor to the organization (including persons with ownership interests of more than 20% in entities that are substantial contributors), a member of the family of a director, officer, or substantial contributor, or an entity in which a director, officer, or substantial contributor owns more than 35%.

In considering and approving a compensation arrangement for a disqualified person, the Board shall do all of the following:

1. **Comparability Data.** Obtain and rely on appropriate comparability data prior to making its decision. Appropriate comparability data includes data regarding comparable salaries ordinarily paid for like services by similar organizations. Such data may be derived from independent industry surveys, documented compensation of persons holding similar positions in similar organizations in the same geographic region, expert compensation studies, or other evidence of comparability.
2. **Recusal of Disqualified Person.** Require that the disqualified person and any other individual who is related to, is employed by, is under the control of, or is compensated by the disqualified person leave the meeting during the discussion of, and the vote on, the compensation arrangement.
3. **Adequate Documentation.** Properly document the basis for its determination concurrently with making the determination and attach such documentation to the approving resolution. Adequate documentation should reflect:
  - a. The Board's knowledge of the material facts relating to the compensation arrangement and the personal services the disqualified person will perform for the Energy Foundation.
  - b. The Board's understanding and belief that it is entering into the compensation arrangement for the benefit of the Energy Foundation and that the arrangement is fair and reasonable to the Energy Foundation.
  - c. The terms of the compensation arrangement, the date of approval, and a complete list of Board members who were present during the debate and who voted on it.
  - d. The comparability data and a description of how it was obtained.

- e. A comprehensive job description of the position or task(s), a current resume of the disqualified person, the disqualified person's qualifications for the position, and the salary, including all benefits and perquisites provided.

B. Approval of Transaction or Arrangement with "Insider."

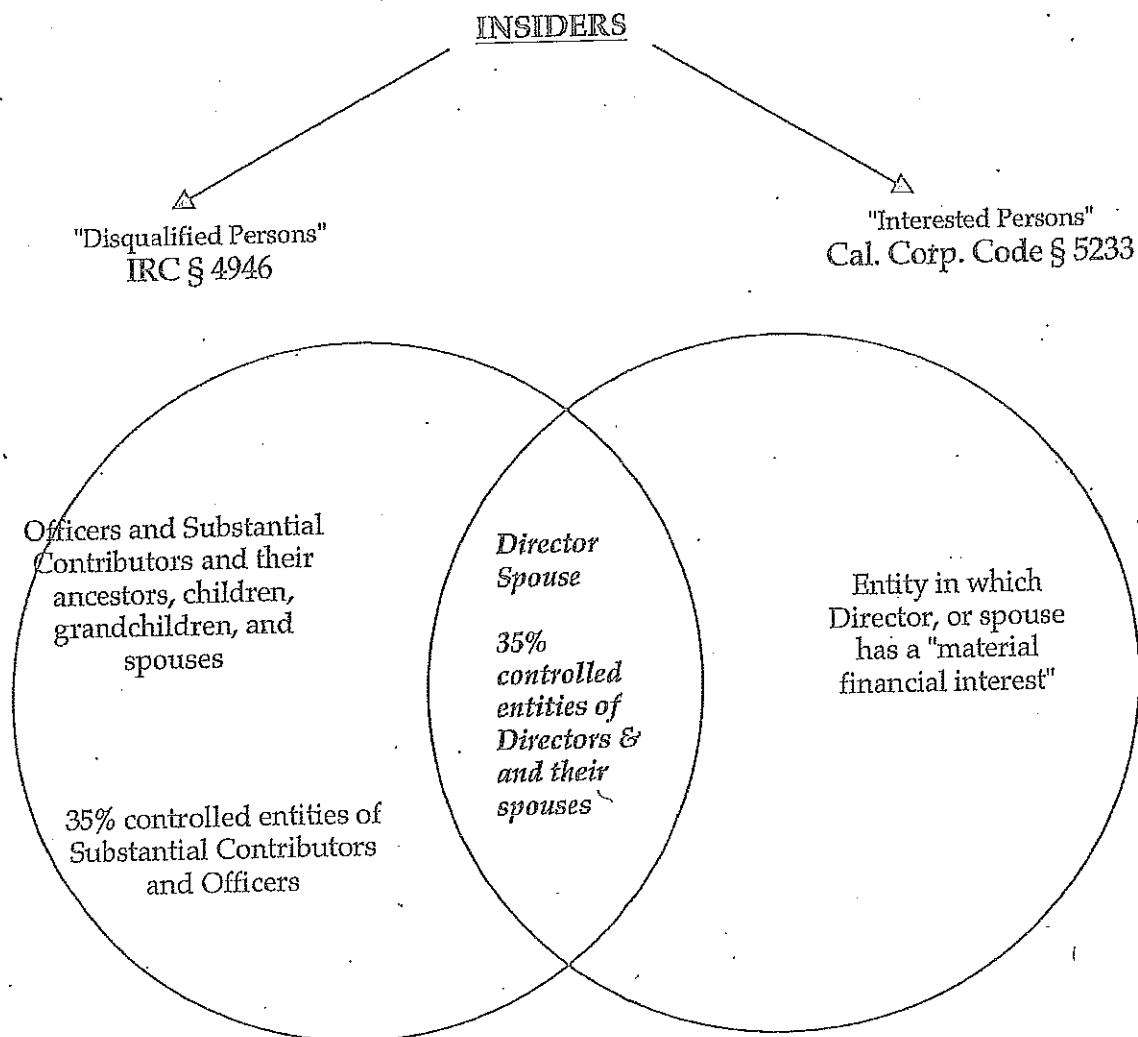

*This procedure applies to transactions (other than compensation arrangements) that are not prohibited by federal self-dealing rules but are permitted under California law only if certain findings are made by the Board.*

These rules apply to certain transactions with "interested persons." An "interested person" is a director, an officer, or a member of a committee with Board-delegated powers who has a direct or indirect material "financial interest" in a proposed transaction. A person has a financial interest if the person has, (i) directly or indirectly, (ii) through business, investment or family, (iii) an actual or potential ownership or investment interest, or an employment relationship or other compensation arrangement, (iv) in or with any entity or individual; (v) with which the Energy Foundation has entered into or is contemplating a transaction or arrangement.

If an interested person has a material financial interest in a proposed transaction with the Energy Foundation, then the following requirements shall apply:

1. **Complete Disclosure.** The Board shall require each interested person to disclose any financial interest and all material facts relating thereto.
2. **Comparability Data.** The Board shall obtain appropriate data regarding comparable transactions with unrelated businesses or entities.
3. **Recusal of Disqualified Person.** The Board shall require that the disqualified person and any other individual who is related to, is employed by, is under the control of, or is compensated by the disqualified person leave the meeting during the discussion of, and the vote on, the compensation arrangement.
4. **Adequate Documentation.** The minutes of the Board or committee meetings approving the transaction shall include adequate documentation for its approval of any transaction in which an interested person has a material financial interest, including:
  - a. The Board's knowledge of the material facts relating to the transaction, the name of each person who discloses a financial interest, the nature of that financial interest, and whether the Board has determined that there is a conflict of interest;
  - b. The terms of the transaction, the date of approval, and a complete list of Board members who were present during the debate and who voted on it;
  - c. The comparability data and a description of how it was obtained; and
  - d. A resolution of the Board evidencing that the Board determines, by a majority vote of the non-interested directors present, that the transaction or arrangement is in the Energy Foundation's best interests and for its own benefit; is fair and reasonable to the Energy Foundation; and, after

exercising due diligence, determines that the Energy Foundation cannot obtain a more advantageous transaction or arrangement with reasonable efforts under the circumstances.

### **Compensation Philosophy & Pay Practices**

Updated: Dec. 1, 2010

Revised: April 15, 2011

#### **Compensation Philosophy**

Energy Foundation hires highly skilled staff who are dedicated to advancing the cleanest energy technologies. We pay competitive salaries relative to comparable non-profits.

Working for the Energy Foundation is a viable career that provides superior benefits: robust health and welfare benefits, compensated time off for personal well-being and retirement contributions for your future security.

As guardians of public money, we strive to keep overhead low.

#### **Compensation Structure**

EF positions are benchmarked against comparable jobs in the market every three years to ensure external equity with the market. Compensation ranges are built around the market value, or job value for positions. Jobs with comparable responsibilities, accountabilities and risk or liability to the foundation are clustered into job families. Job families share a common job value and compensation range.

Each year, in preparation for the performance p/review process, the Director of Organizational Development will issue guidelines for conducting salary reviews and recommendations. Guidelines include a scale to apply to performance based salary recommendations. Current economic indicators, budget criteria and market trends in compensation will inform the guidelines. In this way, EF can maintain internal equity and external competitiveness, allow for recognition of performance or taking on additional responsibilities, and ensure that criteria for recommended salary actions are consistent throughout EF.

The Director of Organizational Development is responsible for developing and implementing compensation structure.

#### **Compensation Adjustments**

Individual salaries may be adjusted by any or all of the following means:

- **Cost of Living Adjustment (COLA):** October data from [www.bls.gov](http://www.bls.gov) for the consumer price index for the Bay Area relative to US Cities informs any recommendation for a COLA increase. The Beijing office will use the consumer price index (CPI) from the Beijing Bureau of Statistics. COLA adjustments are at the discretion of EF and not implied or guaranteed.
- **Market (Job Value) Adjustment:** Energy Foundation will regularly conduct salary analysis to ensure compensation remains competitive with external markets.
- **Promotion:** Internal promotions usually result in a salary increase, assuming the current salary is below the job value for the new position.

- Skills/Responsibilities/Professional Development: Individual compensation will be reviewed annually during the performance p/review process. Supervisors may recommend a compensation increase to account for increasing skills, demonstrating enhanced competency in the position, as reflected in the skills matrix and/or taking on increasing responsibility.

The Executive Committee of the Board of Directors (ExCom) approves the overall salary cap each year. Per applicable law, they also approve the individual salaries of the President and the most senior finance position of the foundation. The President presents recommendations to ExCom annually. The ExCom reviews salary recommendations and the rationale before approving the salary cap.

#### **Compensation Decisions and the Approval Process**

As a part of the annual budget process, the President will present a recommended salary cap (the overall increase in salaries from the previous year) and salary ranges to the ExCom. The only individual salaries approved by the ExCom are the President's and the most senior finance person's, as required by California law.

The President will inform the Senior Vice President & Director US Programs, the Senior Vice President & Director China Programs and the Senior Vice President, Chief Operating Officer of the ExCom's decision. The President provide each SVP with a salary cap for their working group. The SVP's will approve the individual compensation recommendations for their staff. They are responsible to keep all increases within salary cap total. Subordinate supervisors will make recommendations for individual salary increases to their SVP.

Individual compensation decisions will be documented on an "Employee Change Form", routed to payroll for execution then filed in individual employee personnel files.

#### **Compensation Transparency**

As a matter of privacy and confidentiality, EF will not disclose the individual salaries of any employee. Every EF employee is entitled to know the compensation range for her/his position and any positions classified in the same or lower pay ranges. If you are interested in knowing this information, please make a time to meet with the Director of Organizational Development.
